

## UPS

Uninterruptible power supply for the industrial sector

### Product description

Power supply for conveyor system drives, for clearing of the closing area of conveyor system closures

<b>Product designation</b>	Power supply	<b>Batteries UPS</b>	40x12V 7.2Ah
<b>Rated voltage</b>	380...415VC (three-phase + N)	<b>Potential-free outputs</b>	Battery operation • Battery undervoltage
<b>Mains frequency</b>	50...60Hz	<b>Casing (type)</b>	VX 8205.000
<b>Power factor</b>	0.9	<b>Casing (size)</b>	1200x2000x500mm
<b>Rated output</b>	10 kVA • 15 kVA • 20 kVA	<b>Casing (colour)</b>	similar to RAL 7035
<b>Effective power</b>	9 kW • 13.5 kW • 18 kW	<b>Degree of protection</b>	IP 54
<b>Fuse protection, to be provided by customer</b>	10kVA 40A	<b>Ambient temperature</b>	0°...+40°C
<b>Characteristic B or C</b>	15kVA 63A • 20kVA 63A	<b>Air conditioning</b>	optional
<b>Overload capacity</b>	125% 10 minutes • 150% 1 minute • 168% 5 seconds
